

Media Event

Where: Angus Glen Community Centre - Room AR 2/3

When: Tuesday, October 8, 2019

Time: 10:00 am - 11:15 am

What's It About:

To profile Ontario's commitment to helping seniors stay healthy, active and socially connected within their own communities.

Originally announced on September 23rd, the Ontario government is investing \$3 million in projects that will benefit seniors in communities across the province through the Seniors Community Grant (SCG) Program. Non-profit organizations have received funding between \$1,000 and \$25,000 to coordinate and deliver local supports and programs in communities across the province.

This particular announcement focuses on the **Angus Glen Older Adults Club's SCG project**. Their Senior Entertainment Network project will train seniors to become film journalists creating content on seniors' related activities and broadcasting it online. The Angus Glen Older Adults Club is receiving \$25,000 for this project and it will benefit approximately 970 seniors in Markham Unionville.

Drop in to show your support and appreciation for this funding grant announcement.
