What you need to know:

There are a limited number of available slots and any players over that limit may be turned away.

Real Important: There are a maximum of 8 Beginner slots. These will be filled in 2 groups of four. If by 0700 there is any group that does not have 4 (Group of 1 or 2 or 3 are out of luck) then that beginner group will be removed and the slots assigned to Regular game players. This will be decided at each session and be subject to the availability of all players in attendance. Beginner players may try game courts, but are subject to removal if their skill level is not adequate.

All players must supply their own paddles.

Game court scoring will be 11 points.
